## Meet your Swift by Switchchee

**Your landlord has provided this Swift device to help keep your home in a good, safe condition.**

The sensor checks the temperature and humidity in your home.

Some models also measure general air quality.

The Swift device has no camera or microphone.

The sensor readings can help your landlord identify and resolve damp and mould problems.

We handle all data carefully, following all UK data protection laws.

For full details on our commitment to your privacy please visit: [switchchee.com/privacy](https://switchchee.com/privacy)

## Safety

Please read this guide carefully and retain for future reference.

The Swift device is suitable for indoor use only.

This sensor has been tested and meets applicable limits for radio frequency (RF) exposure.

It is not waterproof. Do not position where it will come into direct contact with water.

Do not attempt to disassemble, repair or modify the device.

The Swift device is not a toy and must be kept out of reach of children.

Contact Switchchee for advice if you wish to replace the battery in the device. Risk of explosion if improper batteries are used.
